Pursuant to sections 3(b) and 3(d) of the Proceeds of Crime Act, 2018, the National Identified Risk Framework Coordinator has requested that the Insurance Commission of The Bahamas (“the Commission”) circulate the following Notice regarding the Public Statement issued by the Financial Action Task Force in June 2021, identifying jurisdictions that have been placed under increased monitoring.

Jurisdictions Under Increased Monitoring are those jurisdictions actively working with the FATF to address strategic deficiencies in their regimes to counter money laundering, terrorist financing and proliferation financing. These jurisdictions include Albania, Barbados, Botswana, Burkina Faso, Cambodia, Cayman Islands, Jamaica, Mauritius, Morocco, Myanmar, Nicaragua, Pakistan, Panama, Senegal, Syria, Uganda, Yemen, and Zimbabwe.

Licensees are not being asked to apply enhanced due diligence measures but should consider the ML/TF/PF risks associated with these jurisdictions when maintaining business relationships and conducting transactions with the listed jurisdictions. In that regard, when conducting their risk analysis, Licensees should refer to the information on the country which can be found at the following link below:
